

Helene A. Hixon Information Resource Center USING NURSING's CINAHL PLUS WITH FULL TEXT

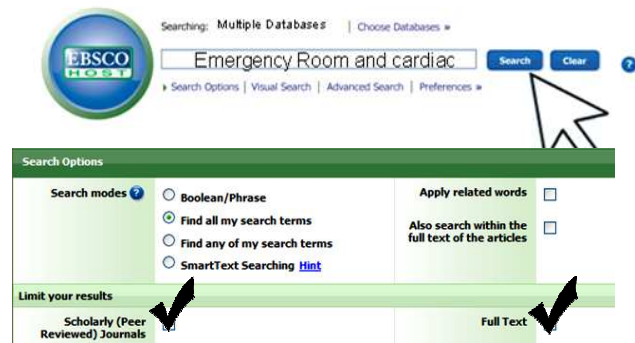

Go to <http://pdc.csusb.edu/librarycomput.htm> and click on EBSCOhost. Type your MyCoyote Number and last name into the login screen. EBSCOhost will open to the Basic Search menu. You may wish to click on **Advanced Search** which will give you additional nursing search options. For both types of searches, click on **“Choose Databases”** to add nursing-related databases.

Click on the box next to CINAHL Plus (Nursing database) and Medline to add these databases to your EBSCOhost search.

You may click the **"Scholarly (Peer Reviewed)"** box to limit your result list to scholarly articles only. You may also want to click the box next to the **Full Text** box to limit your results full text articles.

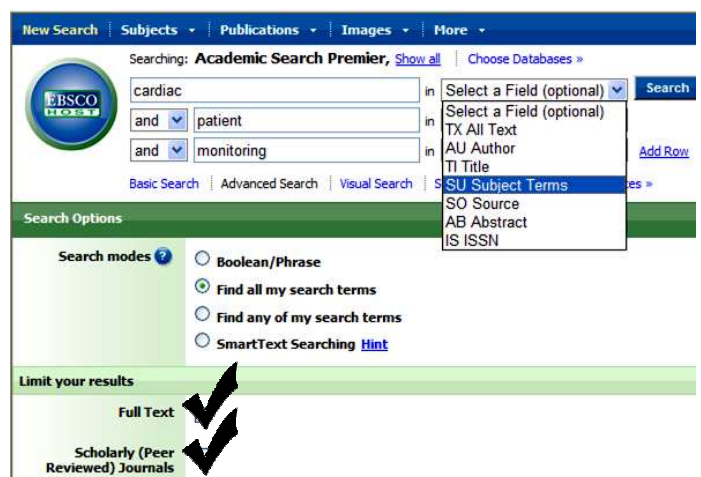

However, if you leave the Full Text box unchecked, EBSCOhost will display article citations, which may be found in full text in CSUSB's other databases by clicking on the "Search For Full Text" icon. This will provide you with many more articles on your topic. Type your search terms and click the search tab.

Advanced Search

If you choose the Advanced Search, enter your search terms in the first **Find** field.

1. **Select a Field** by clicking on the drop-down list (for example, search in only the *Author, title, or subject* field).
2. Repeat steps 1 and 2 for the second set of **Find** fields.
3. Select a Boolean operator (AND, OR, NOT) to combine the two **Find** field entries.
4. You can enter another Boolean operator, keyword, and search field in the third set of fields.

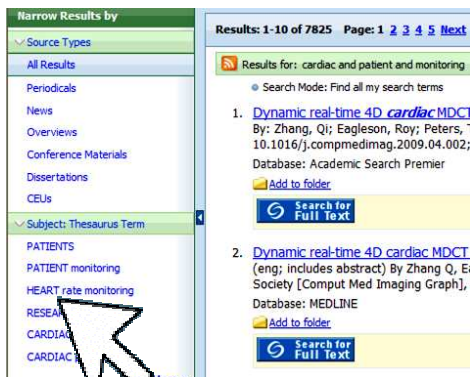

The Advanced Search will also let you *Limit* your results to *Primary Sources*, *Qualitative* articles, *Clinical Queries*, *Demographic* types, *etc.* by clicking down arrows under various categories.

Clinical Queries

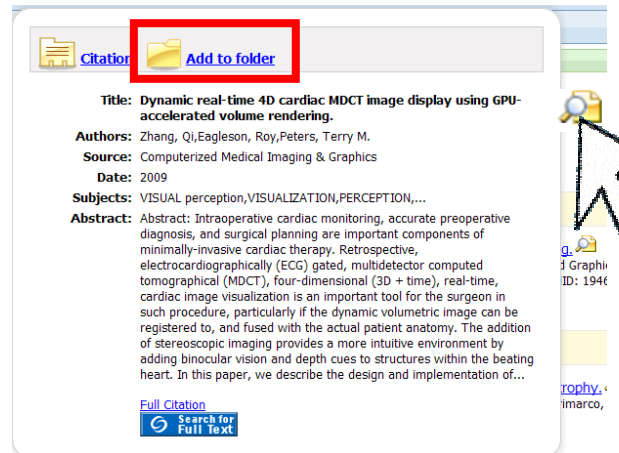

Results: 1-10 of 7825 Page: 1 2 3 4 **Next**

Type your search terms and click the search tab. The result list will display 10 articles at a time. Click **Next** to view additional pages with ten articles.

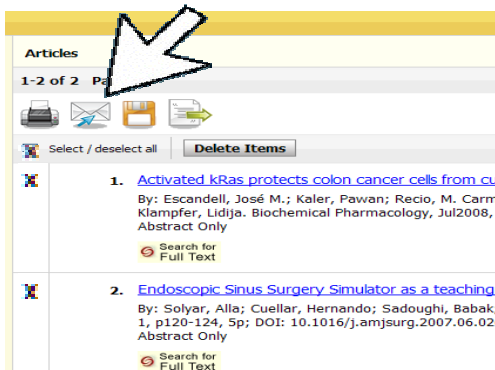

You may narrow a large result list by clicking on a relevant topic displayed in the column on the left side of the result screen (see image on the left).

To view the summary of an article, simply hover your mouse arrow over the magnifying glass icon beside the article and a summary will pop up.

Click **Add to folder** for each article you want to keep.

When your search is complete you may open the folder to email, print, or save all of your selections. If you cannot see "Folder View" click on the triangle symbol located on the side bar, then click "Folder View" to open the folder containing all your selections as shown here.

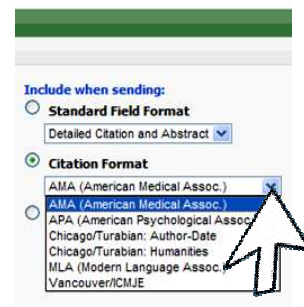

Print/Email/Save Articles

After opening the folder, click the "Select all" box, then click either the **Print**, **Email**, or **Save** icon.

On the next screen click on "Citation Format" then click the down arrow to display various writing styles. Select your writing style preference, such as APA or MLA, and ESCOhost will place your citations in that style.

You can then copy and paste them into your paper. *Next*, click the tab to print, save or email the articles in your folder. If you selected the email function, do not forget to type your email address.
